## A Few Words from Our Men's Stock.

We talk to the men as well as the women. This is a man's store, but patronized just as much by the women. This part of our business is growing daily. Our stock demands it. Nowhere in this city is there a larger or better selection of Men's Furnishings than this shown by us. Our prices are magnets which have sufficient drawing power to bring us the trade which we are entitled to. For Saturday we have selected the following excellent specials:

## Our Housefurnishing Store

Has reached that state of thorough completeness, usefulness, and convenience that permits a justifiable pride in our particular mention of it. ## Stirring Up Boys' Clothing Selling Considerably.

This is a wonderful little department of ours. The only hour that isn't a battle with customers proves the time during which this establishment is closed. The class of boys' clothing we first introduced proved a decided betterment, over that which the boys were used to. In style, nobleness, service and all-round satisfaction the merit of our boys' clothing is apparent. Here's strong illustrations of the underselling.

## HOLLAND CHANGES FRONT

## He Pleads Guilty to the Charge of Criminal Libel.

Admits That He Censured Articles to Be Published Connecting Senator Talliferro With Army Bacon Scandal—Claims to Have Been in an Intoxicated Condition at the Time.

Jay G. Holland, who is under indictment for criminal libel, created a sensation today by pleading guilty of the charge, before Justice Clabaugh, in Criminal Court No. 1. Holland was indicted for causing to be published a statement made by him to a newspaper reporter, charging that Senator James P. Talliferro, of Florida, was connected with a scheme to rob the Government out of 215,000 pounds of bacon. Major Ruthers, in charge of the Government stores and supplies at Jacksonville, Fla., was also said to be implicated in the deal by Holland.

When Holland was arrested he was released on \$1,500 bond pending his trial. Two or three days ago, however, his bondsman, Reuben M. Harlow, surrendered him to the United States Marshal for the District and since then Holland has been confined in the District Jail.

When Holland withdrew his plea of not guilty today and entered a plea of guilty, Assistant District Attorney T. T. Tammgart informed the court that this action was taken by the prisoner of his own volition, and not under any promise of offer of clemency from the District Attorney. Mr. Tammgart then asked that Holland be removed to jail until Tuesday next, when he will be called before the court to be sentenced.

It is understood that Holland has stated that he caused the libelous matter concerning Senator Talliferro and Major Ruthers to be printed while he was under the influence of liquor. It is also understood that Senator Talliferro will not on account of the plea made by Holland or on account of the circumstances under which he says the libel was uttered, make any request for clemency on his behalf.

## DISTURBING CHURCH SERVICES.

## Complaints Against Sunday Baseball Near Twinning City.

Complaint has reached the Commission that the religious services in the Presbyterian Church near Twinning City are each Sunday disturbed by the playing of baseball in the vicinity of the building.

The complaint alleges that the services are held between 3:30 and 4:30 o'clock every Sunday, and that the disturbance consists of the sound of the bat and the cheering. In view of the sanctity of the day and to preserve the right of religious service, the complainant requests the prohibition of the games on Sunday afternoon.

The complaint having been referred to the Police Department for investigation, P. McCathran, Chief of Police, has reported, through his superiors, as reported as follows:

"The only baseball ground in the vicinity of Twinning City is at the end of the Pennsylvania Avenue bridge, and is from one-half to three-quarters of a mile from Gardens Memorial Presbyterian Church, on Minnesota Avenue. I had never thought it possible to annoy said congregation at so great a distance.

"I know of no law to prohibit the playing of baseball on Sunday. The police-man on that beat is often in the vicinity, and has been given instructions to prevent disorder."

It is understood that the complainants will be informed in accordance with the report of Lieutenant McCathran.
